Dear Andrzej,

I am writing to express my deep appreciation for the contribution made by the Polish academic experts you assembled to review the manuscript for our forthcoming book, *Nowa Huta* by Kinga Pozniak.

The penetrating comments presented by these experts, and the excellent discussion of the project at the Recovering Forgotten History conference, will certainly have a direct impact on the final book, which will be much improved and more accurate as a result. In fact, Professor Pozniak is already hard at work revising her manuscript in light of this advice. I think this is particularly important since this is only the second book ever published about *Nowa Huta*, and the first to cover the city's entire history.

So, my thanks go to you, the experts, and the other organizers of the conference for your unique and invaluable assistance with this project, which I hope will go on to have a significant scholarly influence on American understanding of modern Polish history.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter W. Kracht".
